

JOHNSON FINDS ATHLETICS EASY STRIKE-OUT FOES

Idaho Whirlwind Takes Mackmen Into Whiff Zone Oftener Than Other Teams.

BY ERNEST J. LANIGAN.
(Publicity Department, Washington and Lee University.)

Walter Johnson, selected Connie Mack's well-trained troupe of White Elephants as the combination to aid him most in acquiring the title of strike-out king last season. The Washington wizard fanned the Mackmen forty-six times, the Red Sox thirty-nine times, the Naps thirty-nine times, the Browns thirty-six times, the White Sox thirty-six times, the Yankees thirty-four times, and the Tigers thirteen times. Johnson's greatest total of strike-outs in any one game in 1913 was sixteen, obtained on July 25, when he labored for eleven and a third in the route of fifteen sessions for the Browns, possibly set a record for the major leagues by striking out six times. It was impossible for the elongated left-hander to whiff any oftener, as he only made six trips to the plate. Joe Engel, Washington's pitcher in this contest, fanned Mackmen once, and so did Tom Hughes, who twirled for the Senators before Engel left the combat, and before Johnson entered it.

It is a matter of record that back in 1891 Harry Stovey, king of base-running, then with the Boston Nationals, was struck out five times by George Stebbins, of Brooklyn, and that in 1899, Ed. Doherty, of the Giants, performed the same feat against Pete Dowling, of the Colonels, and in 1911 "Death Valley" Jim Scott, of the White Sox, now on the roster of the world's whiffed Cy Morgan five times, the Minister Man then being an employee of Connie Mack. Historians, however, find no instance of a major league player striking out six times in one game except in the case supplied by Wellman last season.

Wellman was the only American League pitcher who fanned four times in one game during 1913. The Idaho whirlwind whiffed Ray Collins three times on May 19, while the Vermont southpaw was conquering him on the basis of 1 to 0, and claimed Bill Steen as a strike-out victim three times on May 22, when the Nap hurler was administering to him his first beating of the year. Other pastime winners, nevertheless and notwithstanding, Jimmy Walsh, the outfielder, turned over to Frank Chance by Connie Mack, supplied six of Johnson's 223 strike-outs, and so did Harry Lord, of Chicago, Carrigan, of Boston; Berger and Chase, of Chicago, and Cree, of New York, each were fanned five times by Johnson last season. A full list of Sir Walter's strike-out victims is appended. It being official, and supplied by Irwin M. Howe, American League statistician:

Johnson's Strike-Out Victims—1913.
Philadelphia, 45—Walsh, 6; E. Mur-

Local product, whose wonderful feat of winning eleven straight games for Washington last season has placed him in the front rank of big league pitchers. He has signed his 1914 contract.

TRINITY EXPECTS WINNING SQUAD

Track Prospects at North Carolina School Are Good—New Athletic Field.

Durham, N. C., February 14.—Unusual interest is being manifested in track work at Trinity even this early in the season. Manager Lucas has arranged four intercollegiate track meets, two with A. & M., and two with Wake Forest. One meet with each of the above colleges will take place on the home field. In addition to the meets already arranged, Trinity will take part in the annual State meet which comes off at Raleigh late in the spring. Various new track equipment has been bought and set up on the new athletic field, and spring practice will begin under the best possible conditions. Track work is a comparatively new line of athletic activity at Trinity. Up to this time she has attempted to put out only two representative teams. The first track team was a signal failure, so far as scoring points at the State meet three years ago was concerned; the team last year showed marked improvement over its predecessor of the year before. This year every man who made the varsity track team last year is back in college, and the prospect for putting out a team that will rank well with similar teams of other colleges of the State is bright. The varsity track team will, as usual, this year be selected from those entering up to best advantage in the interclass meet, which is scheduled to take place about March 1.

Announcement was recently made by President Few that the baseball games of the present season at Trinity will be played on the new athletic field. This new park has been under the process of construction for over two years. The ground has been leveled and packed until it is in the best possible condition for the purposes for which it is to be used. Around the park, which comprises more acreage than the old Hanes field, has been built a brick wall. Ivy will be planted along the wall, and in process of time it will present a very attractive appearance. A grandstand will be constructed on the new park before the season opens. A number of students went to Raleigh Monday night to see Trinity go up against Virginia in basketball. They report that the University of Virginia has the strongest and fastest basketball team that ever invaded North Carolina. The Trinity team, recognized as probably the strongest college team in this State, went to pieces before the Old Dominion players' rapid and aggressive attack.

The basketball team is off on a State tour this week. For the first time in a number of years a Northern trip was not arranged this year. Only four more games will be played on the home floor this year.

ROWING SEASON MEETS COMPLETE

College Races Begin With Poughkeepsie Clash on June 26.

New York, February 14.—With the announcement of the date for the intercollegiate regatta at Poughkeepsie as Friday, June 26, the American college rowing season is fairly well outlined. Although there are still dates for various dual and triangular regattas yet to be fixed, it is apparent that rowing is steadily increasing in popularity as a college sport. In the East, Middle West and Pacific Coast sections the various college and university crews are already well advanced in their indoor and machine training, and are awaiting the first opportunity to dip their sweeps in lake or river.

Reports of unusually early practice rows may be expected when the mild weather arrives, and once on the water the progress of both the crews and the final arrangements for the preliminary and championship regattas will be rapid. As viewed at present, the 1914 rowing season promises to equal, if not exceed, in number and variety of races that of the previous year. Several of the leading Eastern universities have completed tentative rowing schedules, while others are still in making. Neither the United States Military Academy nor Syracuse have as yet announced their arrangements for the coming season. The dates for the Harvard, Cornell and Princeton crews have been fixed. Pennsylvania and Columbia are still working on their schedules, several dates of which have already been announced. The schedules for the various colleges supporting crews arranged from the fixed and tentative dates are as follows:

Saturday, April 18—Pacific Coast Intercollegiate regatta California, Stan-

ford and Washington universities at Oakland, Cal.

Week of April 20-25—Harvard at Annapolis, probable training races with United States Naval Academy crews.

Saturday, May 9—Columbia, Princeton and possibly Pennsylvania in triangular regatta Carnegie Lake, Princeton, N. J.

Saturday, May 16—American Hockey regatta, Philadelphia, Pa., with races for college crews.

Saturday, May 23—Cornell, Yale and Princeton in triangular regatta on Cayuga Lake, Ithaca, N. Y.

Tuesday, May 26—Harvard vs. Cornell, on Charles River, Boston, Mass.

Saturday, June 20—Harvard vs. Yale, Thames River, New London, Conn.

Friday, June 26—Intercollegiate regatta, Hudson River, Poughkeepsie, N. Y.

Cornell, Pennsylvania, Columbia, Syracuse, Wisconsin and winner Pacific Coast intercollegiate regatta.

GENERALS LEAVE ON NORTHERN TRIP

Invade Strongholds Across Line With Unbeaten Basketball Warriors and Stars.

Lexington, Va., February 14.—Washington and Lee's unbeaten (and apparently unconquerable) basketball champions of the South Atlantic Divi-

"Dis am suah nuf Egg-Nog!"

"Mighty hawd to keep de bowl full when de old Kunnel and Missus gives a reg'lar paharty. De quality folks dey knows wot's good—yum! yum!"

And Egg-nog is a sociable drink. You always think of it in a big, plump bowl, with a lot of cheerful, pleasant people gathered round—all of them are happy, smiling, amusing and amused. And old Uncle Rastus just busy enough with the ladle to keep things moving.

CREAM OF KENTUCKY "THEE" WHISKEY

is the important ingredient in good Egg-nog. It supplies the delightful aroma and delicately pungent flavor that give "soul" to the drink. The bouquet of CREAM OF KENTUCKY is natural perfume, distilled from the grain, and is impossible to imitate. If you want to realize just how much better "Thee" Whiskey is than any other, pour some into a glass and then pour it out again (you can do it if you like); then notice the smooth, oily residue in the glass. Put it to your nose and you will know the truth of all we say.

There is other good whiskey—other pure whiskey—but no other has the distinct character and quality of CREAM OF KENTUCKY.

HIGH SCHOOL MAY PLAY IN RALEIGH

North Carolina Lads Trying Hard to Overcome Difficulties. Merchants Help.

It is very probable that the track meet and baseball game between Raleigh High School, of Raleigh, N. C., and John Marshall, will take place in Raleigh some time in May. The local management has been in communication with the Raleigh officials, and affairs at the present time have a very rosy hue.

The Junior Chamber of Commerce, of Raleigh, has charge of the Carolina end of the arrangements, and they are making valiant efforts to make the affair a howling success. They held a meeting last Tuesday, and made several important resolutions regarding the matter. The only drawback to the entire affair is a pecuniary one. The locals want a guarantee of at least \$75 to take the trip, and the Raleigh officials cannot see their way clear to offer this much. However, the boys are working hard in the Carolina capital, and the leading merchants in the town are very much in favor of bringing the locals down, and some have even gone so far as to offer financial aid if necessary.

This matter will be definitely decided by the latter part of this week. If the affair is carried through, it will be the greatest set of games ever attempted by a Virginia high school, and will lead the way in opening interstate athletic relations among the high schools.

Liver Troubles Quickly Disappear

Peculiar Action of a Remarkable Remedy in Stimulating Liver Action.

There is no need to feel any alarm over the symptoms of diabetes. This disease is apt to be purely a digestive trouble, and for this reason the liver is held largely responsible. The liver is the largest organ of the body, and is not only a mass of threadlike blood vessels, but throughout its entire fabric is intimately associated with the digestive system.

The action of this to stimulate the action of this myriad of blood vessels that each cellular part selects its own essential nutriment by healthy and judicious divine discretion. This is accomplished by S. S. S., the most potent, the most active and the most naturally stimulating blood medicine known. You do not need purgatives; do not be alarmed at the presence of sugar nor of so-called sediment.

Just stick to S. S. S. and bear in mind that this celebrated remedy has such a stimulating action on the local cells of the liver as to preserve their mutual welfare and give each cell its proper relative assistance.

Tropical tendencies, biliousness, jaundice, malaria, affections of the spleen and glandular swellings will be eliminated. You will find S. S. S. on sale at all drug stores and for competent medical advice, free, consult by mail The Swift Specific Co., 316 Swift Bldg., Atlanta, Ga.

Do not be misled by the great hosts of cathartics offered for sale as liver remedies. They do not touch the liver, use S. S. S.
